

Calling You

Aqua

C A L L I N G now, I'm calling you
Calling you now
C A L L I N G now, I'm calling you
Calling you now Ooo, ooo, ooo, oh I can't get my message through
Why don't you pick up the phone?
All my love is running down the line
But you won't receive it, no, no I will whisper sweet words
An' cry if you tell me the same
What I hear is just the old, lame
Occupied signal tone Operator, all you have to do
Is connect me
I am waiting for it
Help me, I am waiting to be C A L L I N G now, I'm calling you
Calling you now

Calling you now Ooo, ooo, ooo, oh
Ooo, ooo, ooo, oh

Ooo, ooo, ooo, oh I, I call you once again
An' I resist to give in
Now, my love is running down the drain
So you won't receive it, no, no I will whisper sweet words
An' cry if you tell me the same
What I hear is just the old, lame
Occupied signal tone Operator, all you have to do
Is connect me
I am waiting for it
Help me, I am waiting to be C A L L I N G now, I'm calling you
