Acceleration

Drivin' N' Cryin'

When I feel like I'm about out of hell
I feel my cage is shrinking
I can see the light from a prison cell
I can feel the world weeping
Understand me
Understand me

Release - Acceleration

When I feel like I'm about out of hell
I can feel my cage shrinking
I see the light in the cancer cell
I can feel the world weeping

Understand me
Understand me
White light inside of me
Acceleration all around

'Til it don't seem
Like I'm moving at all
'Til it don't seem
Like I'm moving at all

Got caught raping an angel
Got caught stealing
Fire from the sky
Got caught raping an angel

Caught, released and I cry
Release - Acceleration
Into the arm
The feelings are

Into the arm
The feelings are
Down
