

# Sweet Papa John

## Big Ray & Chicago's Most Wanted

Allright now yeahThey call me sweet papa John  
My candy is known for miles around (my candy is known for miles around)  
They call me sweet papa John  
My candy is known for miles around  
Lord, baby when you lick it,  
It makes my love come tumbling down (yes it do)  
You know they call me sweet papa  
Cause my candy is the best (sure enough)  
You know they call me sweet papa  
Cause my candy is the best  
You know it melts right in your mouth  
Yeah, I sure dont leave no mess, (I aint sloppy)SOLO (+comments)You know my candy cane is hard  
Dripping honey right to your door  
And once you had one piece  
Girl, you bound to lose em all  
They call me sweet papa cause my candy is so strong (yeah, its evil)  
And baby when you taste it  
Its bound to take you all night long (all night long)Yes, I know its true !
