

Peace

New Direction

Peace

I give to you my peace
I live with you when trouble
Trouble comes in your life
Peace I live with you

My peace

I give to you my peace
I live with you when trouble
Trouble comes in your life
Peace I live with you
(Repeat twice)

When Darkness comes

I am with you
In pain and in fear
I will hold you
No matter what you're going through
Peace I live with you
(Repeat trice)

Peace I live with you
