Stars

David Crowder Band

You should see the stars tonight
How they shimmer shine so bright
Against the black they look so white
Coming down from such a height
To reach me now, you reach me now
You should see the moon in the flight
Cutting 'cross the misty night
Softly dancing in sunshine
Reflections of this light
Reach me now, you reach me now
And how could such a thing
Shine its light on me
And make everything beautiful again
And you should feel the sun in the spring
Coming out after a rain
Suddenly all is green
Sunshine on everything
I can feel it now, I feel you now
And how could such a thing

Shine its light on me
And make everything beautiful
And you should hear the angels sing
All gathered round their King
More beautiful than you could dream
I've been quietly listening
You can hear 'em now, I hear em now
And how could such a king
Shine His light on me
And make everything beautiful
And I wanna shine
I wanna be light
I wanna tell you it'll be all right
And I wanna shine and I wanna fly
Just to tell you now
It'll be all right, it'll be all right
It'll be all right.
'Cause I've got nothing of my own to give to you
But this light that shines on me shines on you

And makes everything beautiful, again.
It'll be all right, it'll be all right.
