

# To Heaven from Hell

## Diamond Head

Woah-oh-oh-oh-oh

Lonely moor, sky is grey  
The moon across the waves  
See the steely shafts of light reflect across the bay  
Towards the tower  
The coach prepares  
To shed its load of life  
I'm prepared for what we see  
For what we meet tonight

To heaven from hell  
Been there before  
To heaven from hell  
Sweet I'm sure  
To heaven from hell  
Been there before  
To heaven from hell  
Lock my door

On we go, up to the castle  
Death waits for our call  
Left unkempt, but quietly praying  
Remembers when to fall  
Alone for now but soon not so  
As we return to claim  
At home of mine through generations  
Lost but now remain

To heaven from hell  
Been there before  
To heaven from hell  
Sweet I'm sure  
To heaven from hell  
Been there before  
To heaven from hell  
Lock my door

Oh Lord, oh Lord, now help me  
Its entrance falling down

The madness of our fathersâ€™ law

The pain of retribution  
The house brought down to ground  
Sins of my ancestors  
The judgement dayâ€™s at hand

Yeah, oh

The creeping voice of fire  
Screams out for bloody war  
Send out the grave

Destiny
