

# Let's Be Mates

## Lady Sovereign

It's like this  
I'm weird and you're weird  
Let's be mates  
I consider us a pair, so yeah  
Let's be mates  
You like monkeys, I like monkeys  
You like funk, I like it funky  
I hate junkies, don't punch me  
I'm feelin' a little drumpy  
Let's get acquainted  
You're simple, I like it  
Why are we waitin'?  
I'm single, you like it  
Follow me outside, I need a cash point  
You got a lot  
Follow me outside, I need a cash point  
Wait I said that twice  
You like my hair, I like it too  
To the side, that's not all I do  
Do you mind holdin' on for two  
While I go do my boogaloo  
I'm weird and you're weird  
Let's be mates  
I consider us a pair, so yeah  
Let's be mates  
I'm weird and you're weird  
Let's be mates  
I like that smile that you wear, oh yeah  
Let's be mates  
You like colors, I like purple  
I'm talkin' slow like a turtle  
I've had too much herbal  
I feel like I'm coughing fur balls  
Drink serder like werzzles  
I'm fresh and clean like perzles  
Deliver my words like parcels  
And that queen in her castle  
Let's get acquainted  
You're simple, I like it

Why are we waitin'?  
I'm single, you like it  
Let's converseate  
About nothing it's timeless  
And how I run around  
With my invisible minders  
I'm weird and you're weird  
Let's be mates  
I consider us a pair, so yeah  
Let's be mates  
I'm weird and you're weird  
Let's be mates  
I like that smile that you wear, oh yeah  
Let's be mates  
Follow me outside, follow me outside  
Follow me outside, I need a cash point  
You got a lot  
Follow me outside, I need a cash point  
Wait I said that twice  
I'm weird and you're weird  
Let's be mates  
I consider us a pair, so yeah  
Let's be mates  
I'm weird and you're weird  
Let's be mates  
I like that smile that you wear, oh yeah  
Let's be mates, let's be mates
