

Momentum (feat. John Harris)

Audiotricz

In my heart
(In my heart)In my heart
The momentum builds inside and it don't stop
My feet lift off and I'm where I wanna be
Can you feel it you're just building up [2x]It's like we're one force tonight
'Cause we're moving
They can never slow us down
Never slow us down
'Cause we're movingCan you feel it you're just building up [2x]
It's like we're one force tonight
'Cause we're moving
They can never slow us down
Never slow us downIt's like we're one force tonight
'Cause we're moving
They can never slow us down
Never slow us downIt's like we're one force tonight
'Cause we're moving [2x] (moving [?x])(In my heart [?x])
In my heart
(In my heart [?x])
'Cause we're moving (moving [?x])
(In my heart [?x])
