Terror

Shawlin

(verse 1)
VINNY PAZYall mother fuckers woke a demon up
The bullets splatter through your spleen and guts
The whole click duckin they PO, they need to pee in cups
We murder shit like everything the Europeans touch
I dont even talk to mother fuckers that could lead the trust
We on our D and devils only deal with greed and lust
Feed an elephant with bear hands and take his lead and tusks
Anytime you hear a cop was murdered best believe its us
Jus Allah load the glock put em in norweigen dust
I aint i sucka i was born with hercules in us
Strangle snakes, dangle grapes fed by European sluts
Yall know where to come to when you need the fuckin trees and dust
Ayo D?? i need by ?? these fucks
I got the power to devour trees , seas and such
I got the power thats the caliber of jesus touch
It dont matter the caliber i proceed to rush
Vinny on a whole nother algebra than the Greeks could touch(verse 2)
D MAZLet me tell you lil somthin bout a nigga named Maz
Look in his eye you could see the evil if you high
You could notice a little nigga thats eager for the sky
Behind bars scarred like jesus when he died (when he died)
Nigga i was in the hole for a whole 6 months gettin high off the reefer thinkin why
Im with the roachs and rats hopeless and ?? line and line and the hole in the crack
Nigga i was in the hole tryin gettin my back, niggas snitchin and Ceo tryed gettin my bag
But i dont give a fuck about a snake or a fag a hater id rather see Adolph paid off, laugh
This is real life fuck gettin paid off rats
And sellin my soul to the devil gettin paid off rappin
Mozerade, Maz , Pazienza clap boys ?? back man you still screamin duffle bag boys(verse 3)
Jus AllahI have lived a century
Ive tapped into my 6th sensery
I am a potential enemy
My entire inner chemistry, every inch of me, is divinity
Unequivically supremacy
I am undesired energy
Sends friendly, sends empty
Show the prince of peace no clemency
give him an extremety of insensitivity
Let his kid and ministry witness his disassembly

I just lost sufference, undestructive, unproductive, tussid
Not much substance, thuggage
Above judgement
Unaware of any error of delt
Where it counts im a fair amount of paramount
I am body a monopoly of ungodly
The ????????
My apology, arrid, insencarity, carity, buried generic its hilarity
