

# Guns For Hands

## twenty one pilots

I know what you think in the morning  
When the sun shines on the ground  
And shows what you have done  
It shows where your mind has gone  
And you swearing to your parents  
That it will never happen again

I know, I know oh ow, what that means, I know oh oh oh owThat you all have guns

And you never put the safety on  
And you all have plans,

To take it, to take it, don't take it, take itI'm trying, I'm trying to sleep

I'm trying, I'm trying to sleep

But I can't, but I can't when you all have

Guns for hands yeahI'm trying, I'm trying to sleep

I'm trying, I'm trying to sleep

But I can't, but I can't when you all have

Guns for hands yeahLet's take this a second at a time

Let's take this one song, this one rhyme

Together, let's breathe

Together, to the beat

But there's hope out the window

So that's where we'll go

Let's go outside and all join hands

But until then you'll never understandThat you all have guns

And you never put the safety on

And you all have plans

To take it, to take it, don't take it, take itI'm trying, I'm trying to sleep

I'm trying, I'm trying to sleep

But I can't, but I can't when you all have

Guns for hands yeahWe've turned our hands to guns, trade in our thumbs for ammunition

I must forewarn you, of my disorder, or my condition

'Cause when the sun sets, it upsets what's left of my invested interest

Interested in putting my fingers to my head

The solution is, I see a whole room of these mutant kids

Fused at the wrist, I simply tell them they should shoot at this

Simply suggest my chest and this confused music, it's

Obviously best for them to turn their guns to a fistI'm trying, I'm trying to sleep

I'm trying, I'm trying to sleep

But I can't, but I can't when you all have

Guns for handsI'm trying, I'm trying to sleep

I'm trying, I'm trying to sleep  
But I can't, but I can't when you all have  
Guns for hands
