

# Feed It

## The Candyskins

There's a place in the sun  
That belongs to everyone  
You can feel it inside  
It goes straight on through to the other side  
And we're hitching a ride  
There'll be room for everyone  
We're not saying goodbye  
We're just saying hello to a better life  
And if you want it you got it  
You feed it you love it  
You say that you need it  
You'll never ever leave it  
But you want it you got it  
You say you really love it  
But you don't know what it is  
Until it's gone, gone, gone  
There's a place in the sun  
That belongs to everyone  
You can feel you're alive  
Now you've made it through to the other side
