

# Serenata

Franco Morone

Tonight while all the world is still  
Fly sweet song over the highest hill  
Go to my loved one, Serenata for me  
Sing him my song, love's melody  
Tonight, when we are so far apart  
Bring him back, back to my lonely heart  
Go to my loved one Serenata and say  
When you're in love, love finds a way  
Go to my loved one Serenata for me  
Sing him my song, love's melody  
Go to my loved one, Serenata and say  
When you're in love, love finds a way  
Love finds a way, love finds a way  
Love finds a way
