

2 Late 4 Love

Tesla

(Keith, Skeoch, Hannon, Wheat, Luccketta))One two three four! I can't believe this fucked up world in which
we're livin' in
Still I do the best that I can
Always got me on the lookout for a getaway
Runnin' hard, I'm a rock 'n' roll man I know we can make it [and go, said that] all you gotta do is sign
Tellin' you all I wanna do is rock 'n' roll [Chorus:]
Too late for love - baby it's too late
Too late for love - girl I gotta say
That it's you, I know, that makes me feel this way
Don't you know that it's too late for love Foolish hearts gettin' caught up in a lover's game
That's the way some want it to be
Now all I need is someone, just to get me through the night
Any more is too much for me I know we can make it [and go, said that] all you gotta do is sign
Tellin' you all I wanna do is rock 'n' roll [Chorus] Oh baby it's too late, too late for love, too late, oh
yeah [Solo] Too late for love, oh baby baby, it's too late for love
Too late for love, oh, I tell ya, it's too late for love 'Cos all I need is someone standin' by my side
I don't care if I have to see you cry
You oughta know my name, yes, it's too late for love
