Status Update

Propagandhi

Advisory - the following lyrics contain explicit language:

It's like I'm a fucking fuse
and you're a fucking hot flame.
And now I'm daring you
to step up into my path.
You're a billboard in my face.
A bullhorn in my ear.
Thanks for the status update.
You've made it crystal clear.
I'm a fucking fuse
and you're a big, dumb flame.
And now I'm daring you...
You're a bullhorn in my face.
A billboard in my ear.
Thanks for the status update.
You've made it crystal clear.
