

# Addicted To Your Love

## Jagged Edge

I tried, to let you go so many times  
Yes I have  
And I never thought, that going back would ever cross my mind  
See I, find, its only you  
That can give me that special treatment  
I ain't never been wantin' it back  
Baby I miss you, and baby I need it You know I like the way you make me feel inside  
Baby I jus' can't shake ya, I'm addicted to your love  
Baby, all day, all night, you make me feel so right  
Baby I jus' can't shake ya, I'm addicted to your love, Baby The thought, of you makes me go crazy  
And I know, if you trust me, you could be my one and only lady  
And you, make me feel how I want to feel  
Takin' your time, let me know it's real  
You know that I feel so right, so gimme what you got tonight Lady, when I close my eyes, all I see is you  
And all the beautiful things that we used to do  
Lady, when I close my eyes, it's only you I think of  
Cause I'm addicted to your love You know I like the way you make me feel inside  
Baby I jus' can't shake ya, I'm addicted to your love  
Baby, all day, all night, you make me feel so right  
Baby I jus' can't shake ya, I'm addicted to your love, Baby You know I like the way you make me feel inside  
Baby I jus' can't shake ya, I'm addicted to your love  
Baby, all day, all night, you make me feel so right  
Baby I jus' can't shake ya, I'm addicted to your love, Baby You know I like the way you make me feel inside  
Baby I jus' can't shake ya, I'm addicted to your love  
Baby, all day, all night, you make me feel so right  
Baby I jus' can't shake ya, I'm addicted to your love, Baby
