What Went Wrong (In Your Head)

Supergrass

What went wrong in your head
While we slept in our bedsWhat went wrong in your head
We played along with what you saidWhat went wrong in your headGod save the unstable
They stand alone
Ain't done no wrong
It's such a beautiful lifeI'll need some salvation
And wave you on
Ain't done no harm
With a wonderful lifeWhat went wrong in your head
While we slept in our bedsWhat went wrong in your headGod save the unstable
They stand alone
Ain't done no wrong
It's such a beautiful lifeI'll need some salvation
Wave you on
Ain't done no harm
With a wonderful lifeGod save the unstable
They stand alone
Ain't done no wrong
It's such a beautiful lifeI'll need some salvation
Wave you on
Ain't done no harm
With a wonderful life
