

Never Let You Go (Sha Lu Bop)

Marvin Gaye

Boop pop baloo pop

()

You sing along my baby and my love

For you are my love, you are my lady

You say that you need me only

So I come on back to you, baby

Cause you can hold my hand so sweet

()

The way you hold me in your arms

It's crazy, it's been all along

Said I'd never, I'd never, let you go

Boop pop baloo pop

()

Baby, oh, my baby, I love you so, yes I do

And there is one thing that I wanna know

That I love you and I will never let you go

Ah, you been so good to me, baby

And you can hold my hand so sweet

()

The way you hold me in your arms

It's crazy, it's been all along

Said I'd never, I'd never, let you go

Boop pop baloo pop
