Right to Nothing

Prong

You're rightCold suns, lowering highs
Accents on the deprived
Solvency, well it hurts like a bitch
Close shave, you may have grown richBlast off, waiting on line
Sales pitch makes up your mindYou got the right to nothing
The right to nothingness
Right to something
The right to nothingnessWell, all of your goals
And what you've become
Surrender now
You're the satisfied oneYou got the right to nothing
The right to nothingness
Right to something
The right to nothingnessThe right to nothingness
Right, nothing
Right, nothing
Right, nothingRight
Yeah right
Right to nothingness
