

# Nobody Loves You

## Garbage

Watching the days slip by so fast  
Knowing our fate has long been cast  
Working our fingers to the bone  
'Cause nobody loves you  
When you're gone, gone, gone, gone  
Coughing up feeling just for you  
To find something real to hold on to  
But there is a hole inside my heart  
Where all of my love comes pouring out  
You know you'll always be my man  
But grab yourself sweetness where you can  
'Cause sooner or later we're gonna die  
Left to the dogs under the sky  
I cracked a piece of broken glass  
I cracked a piece of broken glass  
Coughing up feeling just for you  
To find something real to hold on to  
But there is a hole inside my heart  
Where waves of my love come tumbling out  
You say that all the good is gone  
That I have forgotten who I am  
Free as a bird, wild as the wind  
But somehow I cannot let you in  
[Incomprehensible]
