

# Bloodletting (The Vampire Song)

## Concrete Blonde

There's a crack in the mirror  
And a bloodstain on the bed  
There's a crack in the mirror  
And a bloodstain on the bed Oh, you were a vampire and baby  
I'm a walkin' dead  
Oh, you were a vampire and baby  
I'm a walkin' dead I got the ways and means  
To New Orleans  
I'm goin' down by the river  
Where it's warm and green  
I'm gonna have drink and walk around  
I got a lot to think about, oh yeah  
Oh yeah, oh yeah, oh yeah There's a rockin' chair by the window  
Down the hall  
I hear somethin' there in the shadow  
Down the hall Oh, you were a vampire and now I am  
Nothin' at all  
Oh, you were a vampire and now I am  
Nothin' at all I got the ways and means  
To New Orleans  
I'm goin' down by the river  
Where it's warm and green  
I'm gonna have drink and walk around  
I got a lot to think about, oh yeah  
Oh yeah, oh yeah, oh yeah They used to dance in the garden in the  
Middle of the night  
Dancin' out in the garden in the  
Middle of the night Oh, you were a vampire  
And I may never see the light  
Oh, you were a vampire  
And I may never see the light I got the ways and means  
To New Orleans  
I'm going down by the river  
Where it's warm and green  
I'm gonna have drink and walk around  
I got a lot to think about I got the ways and means  
To New Orleans  
I'm going down by the river  
Where it's warm and green

I'm gonna have drink and walk around  
I got a lot to think about, oh yeah  
Oh yeah, oh yeah, oh yeah  
Oh yeah, oh yeah, oh yeah  
Oh yeah, oh yeah
