

# Shakey Ground

## The Temptations

Lady luck and the four leaf clover  
Won't be as hurt as I feel all over  
My life for one special occasion  
'Til you leave in depth the situation

Well well well standing on shakey ground  
Ever since you put me down  
Standing on shakey ground  
Ever since you put me down

My car got repossessed this morning  
Harder times I haven't seen in years  
Able to throw me a life preserver  
'cause I'm about to drown in my own tears

Well well well standing on shakey ground  
Ever since you put me down  
Standing on shakey ground  
Ever since you put me down

Well well well standing on shakey ground  
Ever since you put me down

Standing on shakey ground  
Ever since you put me down  
Standing on shakey ground  
Ever since you put me down

Well well well standing on shakey ground  
Shaking, shakey ground  
Standing, standing  
Standing on shakey ground
