

Last Bus

Milburn

Alright, Ive had enough
I want to go home now
Tonight, Ive had too much
And I start to talk funny
And when, Ive had enough
I say some things I might, regret, that make me blush
When I wake in the morningSo Ill see you when I see you
 Yeah Ill see you again
And if I dont get the chance to at least shake your hand
Then I wish you good luck, hope it all goes to plan so
 Ill see you aroundCome on, well get the bus
 If we leave pretty soon now
 I cant go to the club
Cause Ive not got much moneySo Ill see you when I see you
 Yeah Ill see you again
And if I dont get the chance to at least shake your hand
Then I wish you good luck, hope it all goes to plan so
 Ill see you around
