Another Night

M.C. Sar & Real McCoy

(Verse 1)
As I spend another night with out a single thing to do
Cept' writin down this music I preceed to bring to you
My man Billy hit me up, he got some weed he bringin' through
Tell him better be that good and grab a pack of swishers too
That's what usually happens, deserve some cool relaxin
smokin herb and laughin and curve your enthusiasm
I'm just a regular kid at my crib doin regular shit burnin 5 spliffs
I'm so high another night alone so imma poor another cup and roll another zone
I'm gone you aint gonna bring me back
so gone couldn't tell you where I'm at
Maybe New York, Philly, maybe Pittsburgh
you wanna find me, hit me on Twitter
Well that sound mad lame
People love me, they dont even know my last name
waitin' at the station 'till its time that I can board the train
headin to the fortune fame, should explore my brain
See what I'm thinkin bout, pour a little liquor then I drink it down*CHORUS*
Cause it's just another night on my own, layin' back as I light up my dro
its just another night alone, I spend another night alone
Said its just another night on my own layin' back as I light up my dro
its just another night alone, I spend another night alone(Verse 2)
I turn my phone on silent, I need to get away
Put on J Cool warm up and let it play,
I thank God for blessing me with life everyday
and to my peoples who've gone, well meet at heavens gate.
I've been sellin' haze but I'm sure theres better ways
that I can get my pay. I just need to get it straight.
Nothin' left to say now it's time for action.
No more bullshit no more relaxin'
Rap is my passion so I stay writtin'
spend a couple nights in, burn out all the lights in my room
Stuck in my crib like glue.
that's what I do it's nothin' new*CHORUS*
Cause it's just another night on my own, layin' back as I light up my dro
it's just another night alone, I spend another night alone
said cause it's just another night, on my own layin' back as I light up my dro
It's just another night alone, I spend another night alone
