

# The Highways Of My Life

## The Isley Brothers

Moving down the highways of my life  
Makin' sure I stay to the right  
Moving down the highways of my life  
So I shan't be concerned  
With the other side of the road Reading all the signs along the way  
Knowing where I am not what they say  
My destination's closer day by day  
So I can't concern  
With the other side of the road Da da dop da da ah  
Down the highway da de ah  
Da da dop da da ah  
Down the highway da de ah  
Da da dop da da ah  
Down the highway da de ah  
Da da dop da de ah  
Down the highway da de ah Leaving all the sorrows and the pain  
There's no love between us that remains  
Although you are the one  
You're not the same  
So the other side of the road  
Can only take me back home
