

Lie

CircusP

Why can't it, be perfect?
This love's not, even real
Why don't I, cry for you?
Love was dead, from the start I don't want you
I don't need you
I'll forget you
It doesn't matter I'll play along
Writing our song
We are perfect
I love you No, this all wrong
Why aren't you gone?
I know you're not that strong
Don't listen to me
We'll always be so perfectly
Happy The lies you, succumb to
Blissfully, unaware
I don't know, how you can't
See through my, facade I don't want you
I don't need you
I'll forget you
It doesn't matter I'll play along
Writing our song
We are perfect
I love you No, this all wrong
Why aren't you gone?
I know you're not that strong
Don't listen to me
We'll always be so perfectly
Happy And maybe, one day I'll
Get to see, your smile
In the arms, of someone
Who loves you, like I do No, this all wrong
Why aren't you gone?
I know you're not that strong
Don't listen to me
We'll always be so perfectly
Happy
