Turn Around

Chynna Phillips

I was reaching for a higher star
Every time I did there you were
I was looking for a dream come true
I looked up, it's still youI wish we could begin once more
I wish I never closed that door
I'm wishing that we can be
Back where we used to beChorus:
I'll never walk away this time
I want you back in my life
I'll show you what love can do
Turn around, turn around
There's nothing that I can say
I'm hoping we can find a way
Oh all you gotta do is
Turn around, turn around
I had let you slip away too fast
If I could I would relive the past
I would never make the same mistake
I want you back againI'm hoping these words reach you
I'll always be needing you
I'm hoping that you're still free to
Open your heart to me(Chorus)Something tells me
I will always be with you
No one else, but me
I wish we could begin once more
I wish I never closed that door
I'm wishing that we can be
Back where we used to be(Chorus)
