

Sun Tzu (feat. Joell Ortiz & NORE)

French Montana

Hey yo , mic check, come through, hit you with the 1, 2, all I do is on you warrior Sun Tzu,(2x)ahh, ohh, ahh,
ohh

Blow up like a balloon with a granade in it (3x)

Piece Of the blood, piece of a quick gangz

The Guards at earth, knows you skip banes

Presidential sour, my favorite

Grow skinny blunts cooking, more save it

Kobe mailman, drink...your liver

Drink all night... My liver

And when I make em have it dope... Shiver

Hey yo , mic check, come through, hit you with the 1, 2, all I do is on you warrior Sun Tzu,(2x)ahh, ohh, ahh,
ohh

Yeah they say my heart is cold like refrigerator

I feel sorry like a baby in Incabattor

They burry me alive but I dug out

The folks are scared, they know I dugged out

Some chicks think forward of you

And most can't afford them, how bout you

I'm biveratual , bicoastal, love facial

Once I scrap you, I might just replace you

Hey yo , mic check, come through, hit you with the 1, 2, all I do is on you warrior Sun Tzu,(2x)ahh, ohh, ahh,
ohh

Mic check, come through, hit you with the 1,2 brake down too we all know kung fu

It's the game getting money, get brain, I be dancing in the rain like this this, hot in my city

Talk about the hole, in the cold, in the school graduates Montana was cold wipe dirt off my clothes

Straight out slum means walk around with a bottle getting drunk

Hey yo , mic check, come through, hit you with the 1, 2, all I do is on you warrior Sun Tzu,(2x)ahh, ohh, ahh,
ohh

Hey yo, check mic 2,1, check night new ones, yanks it blue ones

Smoke great true dumb duress

Ortiz is what they call me,

shorty said "I can't believe you ride a hosy"

WHAT!?

Baby Girl I'm so gonna gonna make the puerto rican girl come not a butter

All the wolves beat when I come to it sounds something like ahh, ohh

Hey yo , mic check, come through, hit you with the 1, 2, all I do is on you warrior Sun Tzu,(2x)ahh, ohh, ahh,
ohh
