The Antidote

St. Vincent

I am the antidote
Ill suck your venom out
Show me where it really hurts
Ill show you where it really hurtsShouldve stopped for the wind
Shouldve stopped for love
Shouldve stopped for the wind
Shouldve stopped for loveHoney, your clothes are soaked
Mom leaves my daddys trapes
Show me where it really hurts
Ill show you where it really hurtsShouldve stopped for the wind
Shouldve stopped for love
Shouldve stopped for the wind
Shouldve stopped for loveShouldve stopped for the wind
Shouldve stopped for love
Shouldve stopped for the wind
Shouldve stopped for loveShouldve stopped for the wind
Shouldve stopped for love
Shouldve stopped for the wind
Shouldve stopped for loveShouldve stopped for the wind
Shouldve stopped for love
Shouldve stopped for the wind
Shouldve stopped for love
