

What You Deserve

Pennywise

The first impression you got
Typical policeman so it
Seems he took ride in his badge and gun
But on the inside what was
On his deranged mind he was
Caught doing what he thought was
Good clean funFrom Scotland Yard
To behind bars
I hope you get
What you deserveTo protect and serve it seemed like
You protected she served now let's
See you go through the torture that you
Put her through
My heart's out to the lady who will
Live the rest of her life in fear of
Someone we were always taught to
Look up toFrom Scotland Yard
To behind bars
I hope you get
What you deserveThe first impression you got
Typical policeman so it
Seems he took ride in his badge and gun
But on the inside what was
On his deranged mind he was
Caught doing what he thought was
Good clean funFrom Scotland Yard
To behind bars
I hope you get
What you deserveCan't trust that policeman no more
