## Little Too Clean

## **Soul Asylum**

Thought I heard you screaming

And pulling out your hair

Furious and steaming

A state upon your stareDon't you know

Dirt will find you

And dirt reminds you

That dirt will always be thereIt's only

Dirt around you

And dirt surrounds you

And follows you everywhereHere's a dirty joke, man

Filled with filth and smut

The heart of it, it sparkles

The more it can corruptDon't you know

Dirt can't hurt you

I'm truly certain

Usually washes outDon't you know

Rain will wash out

The stain and all of your

Pain will work itself outWork it out'Fraid you've lost your innocence

To some odd social scene

You're right on top

But you've been replacedBy a shiny new machine

And dirt keeps following you

And you don't know what it means

You're a little too cleanA little too clean

A little too cleanOne day dirt will bury you

And you will understand

There is nothing much more

Than the ground on which you standDon't you know

Dirt will find you

And dirt reminds you

That dirt will always be thereIt's only

Dirt around you

And dirt surrounds you

And follows you everywhere Fraid you've lost your innocence

To some odd social scene

You're right on top

But you've been replacedBy a shiny new machine

And dirt keeps following you

## And you don't know what it means You're a little too cleanA little too clean A little too clean
