I Got Burned (feat. Tim Rogers)

The Bamboos

Youre in the rain now
Youre trying to strike the match
I'm tinder dry now
Oh yes I'm gonna catch
So pour it over
You give me what you've got
Now I'm so dead baby
Now I'm running hot yeah'Cause I feel like I'm walking on fire
When youre talking theres smoke coming out of my head
And I'm broken down like a strong man burning, over you!
Yeah I got burned (I got burned) X 4Its in your eyes now
Youre going to light the fuse
Youre always thinking
You just can't loose, no
Ill take your poison
Ill even take the blame (sometimes)
Well our love sugar
Is going up in flames now'Cause I feel like I'm walking on fire
When youre talking theres smoke coming out of my head
And I'm broken down like a strong man burning, over you!
Yeah I got burned (I got burned) X 4
