

Portland Woman

New Riders of the Purple Sage

Dawson

We pulled into portland town
We been on the road
Rock and rolling for the crowd
Three more nights to go
But if I don't find someone tonight
I just won't make it through
I'm going out in portland town
And see what I can do
You know, it's very cold in portland town
This time of the year,
I wouldn't mind if I could find
Someone to hold me near
And there's a little girl,
She looks lost and lonely
Backstage at the show
I'm going up and asking her
Hey, would you like to go
You see I need me a portland woman
I don't want to be alone tonight
I want to get me a portland woman
Portland women treat you right
Portland's gonna be mine tonight
We pulled out of portland town
Almost right on time,
The little girl that I had found,
Her I left behind
But I haven't felt too good
Since I left portland yesterday
I'm going back to portland town,
Now what more can I say
I wanna get me a portland woman
I don't wanna be alone tonight
I wanna get me a portland woman
Portland women treat you right
Portland's gonna be mine tonight
