

Highway Song

Patty Griffin

Stars fall out
Of the sky, my love
One by one
As the years go by And one by one
All the ghosts in the night
Whisper my name
And fly away I don't wait for their return
I don't wait for their return Across the miles
And all return
Reaching for and into the night In the dusty veil
Highway song
I whisper your name
And fly away I will wait for your return
I will wait for your return I will wait for your return
I will wait for your return
