

Sippin' On Sunshine

Avril Lavigne

Boy, you get me so high
Buzzin' like a beehive
It's just a little kiss
But when It hits my lips
I'm sippin' on sunshine
Boy you're looking so fly
Hotter than July
I just wanna stay
Forever and today
Sippin' on sunshineDown at the beach, you holding my hand
Got an umbrella stuck in the sand
Watching the waves crash into the shore
Baby, I want some moreHey
What a beautiful day
All I need is a taste
Nothin' but a good time
Sippin' on sunshine
No, don't got nowhere to go
So we'll go with the flow
Yeah, we're living the life
Sippin' on sunshineSippin' on sunshineBoy, you blow my mind
You got me up on cloud nine
Just a little taste
I wouldn't wanna waste
A sip of that sunshineWe can kick it all night
Underneath the moonlight
But when the party ends
We'll do it all again
Sippin' on sunshineDown at the beach, you holding my hand
Got an umbrella stuck in the sand
Watching the waves crash into the shore
Baby, I want some moreHey
What a beautiful day
All I need is a taste
Nothin' but a good time
Sippin' on sunshine
No, don't got nowhere to go
So we'll go with the flow
Yeah, we're living the life

Sippin' on sunshineSippin' on sunshine, sippin' on sunshine...

Sippin' on sunshine, sippin' on sunshine...Hey

What a beautiful day

All I need is a taste (a taste so good)

Nothin' but a good time (good time)

Sippin' on sunshine

No, don't got nowhere to go (do, don't)

So we'll go with the flow (hell yeah)

Yeah, we're living the life

Sippin' on sunshineAll day all night

Yeah, good time

Everybody just sippin' on sunshineWoah, woah, woah,

Sippin' on sunshine
