You'll never haul the heat to the bite of the grind
To emulate
Digression has left this hard to swallow
Sour notes of dissolution
Played off as dissonance
To make believe
Its attractionAppearance is violating
Scare tactics an all time low
As an art of seduction is extolledIncinerate
The harvest
Infernal
Burn them outThe sleaze will hide behind evils deviceInsensitive conviction
That seeks shelter in parody
Harlot lips will stick with exaggeration
Social armor but a reason to lie
Calling loud for the crutch of acceptance
Just to make the soundtrack more invitingNo more empathy
Fire away
Fire AwaySmoke never clears
The downfall in its blaze of glory

Moral crux uncover the real decadenceCensor resistance
Censor resistance
Now
Now
Now
Censor resistance

The downfall in its blaze of glory

The sleaze will hide behind evils deviceDisregard the purchase of faith
But don't dare to be defiant
Disregard the solicitation that reinvents contemptIncinerate
