

# I Won't Believe in You

## No Fun At All

I am tired of your lies  
Behind your false disguise  
And I will never pay the price One thing, I know it's true  
I'll always fighting you  
Nothing else I rather do I won't believe in you  
I won't believe in you  
No matter what you say  
I won't believe in you Oh, I won't believe in you  
No matter what you say  
I'll never go your way
