

Let Your Tears Fall Babe

Big Mama Thornton

Let your tears fall baby
If you really want to cry
Let your tears fall baby
If you really want to cry
I can't please you darlin'
No matter how I try You must remember darlin'
How you left me all alone
You must remember darlin'
How you left me all alone
You mis-used me daddy
And I never done your wrong Let your tears fall baby
If you really want to cry
Let your tears fall baby
If you really want to cry
You will always remember
It was you who said goodbye Breaks:
Well toss upon your pillow
Pullin' out your hair
You are on your own baby
And you say it ain't fair
