

# Read My Lips

Ciara

Read my lips, read my lips  
Baby get up out of this  
La la la la la la  
Read my lips, read my lips  
Baby get up out of this  
La la la la la la So you're stayin' in tonight  
Everybody's goin' out  
Can we sit this one out, baby?  
I got something else in mind  
Close the blinds, dim the lights  
And you better bring your appetite  
I'll make you something real nice  
If you like a lot of heat  
Better come up in my kitchen, baby  
Got everything that you like  
Why don't you have a little taste?  
Don't let nothing, don't let nothing go to waste  
Down down, but you gotta savor it, savor it  
I know it's your favorite dish  
Down down, you better put yo feet up  
You ain't leavin' til you eat it all up  
I just wanna take care of you baby  
You're the only one I wanna give it to  
This is all for you  
I just wanna take care of you baby  
Read my lips boy that's all you gotta do  
This is all for you  
On the kitchen floor  
Tonight you know it's going down  
If you want some more baby  
You know I can throw it down  
Turn my oven on and it ain't gon' be no slowin' down  
This is how it's going down, this is how it's  
You can call it good time, we ain't gotta go out  
You got a home cooked meal right here  
Come on and take another bite  
That's right, that's right  
Keep on going til you're satisfied  
It's the best you ever had  
Once you taste a piece of that  
You can never go back baby, yea  
There's nothing else like this around town  
Boy I got the sugar that can make you fall down  
Down down, but you gotta savor it, savor it

I know it's your favorite dish  
Down down, you better put yo feet up  
You ain't leavin til you eat it all up I just wanna take care of you baby  
You're the only one I wanna give it to  
This is all for you  
I just wanna take care of you baby  
Read my lips boy that's all you gotta do  
This is all for you On the kitchen floor  
Tonight you know it's going down  
If you want some more baby  
You know I can throw it down  
Turn my oven on and it ain't gon' be no slowin' down  
This is how it's going down, this is how it's Read my lips, read my lips  
Baby get up all in this  
La la la la la la  
Read my lips, read my lips  
Baby get up all in this  
La la la la la la  
Read my lips, read my lips  
Baby get up all in this  
La la la la la la  
Read my lips, read my lips  
Baby get up all in this  
Baby get up all in this  
Read my lips I just wanna take care of you baby  
You're the only one I wanna give it to  
This is all for you  
I just wanna take care of you baby  
Read my lips for that's all you gotta do  
This is all for you Read my lips, read my lips
