

# Come See Me

## Chilblaine Winters

You go see Jesus to be set free  
For a shot of whiskey you come see me

Go see the boys to get kissed under the tree  
For a freight train love come see me

You go see Jesus to be set free  
For a shot of whiskey you come see me

Cane sugar man can give you sweet tea  
For black black coffee you come see me

See judge and jury to get the third degree  
For no questions asked you come see me

Cane sugar man can give you sweet tea  
For black black coffee come see me

Cool on the ground underneath the weeping willow tree  
To get hot and sweaty come see me

To find your way follow river to the sea  
If you wanna get lost then come see me

Cool on the ground underneath the weeping willow tree  
To get hot and sweaty you come see me
