

Indian Summer

Marlene

Hear it calling
Let it take your bones
Tonight I'm going
Where no one goes
I'm done waiting

Gonna make it start
I'd be paying with the beat of my heart
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee

Super powers, high above this town
Climbing towers,
And I won't look down
Fortune hunter, gonna play my part
I'd be paying with the beat of my heart

In the light, in the dark
I will be your fortune hunter
Fortune in the sky from dust till dawn
I'm gonna find my Indian summer

Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee

I wanna taste it
Feel that bitter sweet
Oh, baby!
Underneath my beat
What I couldn't, could be torn apart
Always paying with the beat of my heart!

In the light, in the dark
I will be your fortune hunter
Fortune in the sky from dust till dawn

I'm gonna find my Indian summer

Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee

Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee

In the light, in the dark
I'mma be fortune hunter
Fortune in the sky from dust till dawn
I'm gonna find

Through the fire, not burn to the ashes
I'd be the one to ground my wishes
Fortune hunter
I'm gonna find my Indian summer

(Not ready to get lost
Ready to live it all
But I don't care about the cost)

I'm gonna find my Indian summer
(For every line i cross
I know I could lose it all
But I don't care about the cost)

I'm gonna find !
(Not ready to get lost
Ready to live it all
But I don't care about the cost)

I'm gonna find my Indian summer
(For every line i cross
I know I could lose it all
But I don't care about the cost)

I'm gonna find my Indian summer
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee
Eeee eee ah ee
