Praying Man

Petra

Noah saw the coming of the flood
(He built an ark upon dry land)
When Moses prayed, God parted the Red Sea
(In faith, he made his stand)
And David dropped the giant to his knees
(Empowered by a stronger hand)
God changed the course of history
(See the power of the praying man)Faith lives in folded hands mountains move when you make a stand
It's never been a case of sleight of hand
It's the power, oh the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying manJesus turned the water into wine
(No tricks, no magicians)
He rules the earth, the wind, the sky
(Ain't no beggars decision)
He knew thatFaith lives in folded hands mountains move when you make a stand
It's never been a case of sleight of hand
It's the power, oh the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying manPrayer is alive and well today
(It's a matter of dedication)
Prayer works when you take the time to pray
(It's a matter of true devotion)
You'll see thatFaith lives in folded hands mountains move when you make a stand
It's never been a case of sleight of hand
It's the power, oh the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying manWhoa, whoa oh whoa, I see the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying man
Whoa, whoa oh whoa, I see the power of the praying man
