

# Under the Sun

## Sugar Ray

Now this is somethin' from back in the day I'll always remember Run DMC  
And all of the good times  
That we had on the beach Stealing sips from a paper cup  
And making out in the sand  
Maybe I'm dreaming, can you tell me? Do you remember, summers that lasted so long?  
June till September was our time to sing all the songs  
Do you remember all of us together  
As we grew up under the sun?  
(Day, back back in the day) I'll always remember everything we do  
Rock of the eighties blastin' KROQ  
I remember Culture club, The Clash and men without hats Seems kind of funny right now  
But it's taking me back  
We'd always sing along and laugh out loud at ourselves  
Don't want to stop dreaming can you tell me? Do you remember, summers that lasted so long?  
June till September, was our time to sing all the songs  
Do you remember, all of us together  
As we grew up under the sun?  
(Day, back back in the day) I wanna rewind every time, 'cause the words have so much meaning  
They were there when nobody cared  
Always knew what I was feeling Stay tonight don't leave me reminiscing  
All I do is wind up missing you  
Are you missing me, are you missing me? Do you remember, summers that lasted so long?  
(Day, back back in the day)  
Do you remember, all of us together  
As we grew up under the sun?
