

20 Eyes

Misfits

This one' is 20 eyes 1 2 3 4 20 eyes in my head
20 eyes in my head
20 eyes in my head
They're all the same, they're all the same 20 eyes in my head
20 eyes in my head
They're all the same, they're all the same When you're seein' 20 things at a time
You just can't slow things down, baby
When you're seein' 20 things in your mind
Just can't slow things down
Then all those eyes
They're just crowdin' up your human face
Then all those eyes
Take an overload 20 eyes in my head
20 eyes in my head
20 eyes in my head
They're all the same, they're all the same When you're seein' 20 things at a time
You just can't slow things down, baby
When you're seein' 20 things in your mind
Just can't slow things down
Then all those eyes
They're just crowdin' up your human face
Then all those eyes
Take an overload 20 eyes in my head
20 eyes in my head
20 eyes in my head
They're all the same 20 eyes in my head
They're all the same
20 eyes in my head
They're all the same
20 eyes in my head
They're all the same
