

So Far Away

Goo Goo Dolls

Why do you stare me down? Am I wrong?
Should I turn and kiss the ground?
And I never felt that way
I ain't the one and you know
I don't come from such a place And I didn't get those things
Those things that you can't grow
You say that it's all my fault
And I don't need to know Tell me something I don't know
And I'll find that I'm always looking 'round behind me
You said that it's all been said before
Now I find that there's something I don't know And I hate your attitude
I ain't scared at all 'cuz it don't matter what you do
And I'll turn around to see the truth
You're tearing it down, yeah, you're bringing it down
And it's all on you And I didn't get those things
Those things that you can't grow
You say that it's all my fault
And I don't need to know Tell me something I don't know
And I'll find that I'm always looking 'round behind me
You said that it's all been said before
Now I find that there's something I don't know And I know, I don't know, and I'll stay there
If you break enough glass and there's no one to hear
And your heart's full of hate 'cuz your mind's full of fear
Let it go Oh, so far away
So far away
So far away
(Something I don't know) Oh, so far away
So far away
So far away
(Something I don't know)
