See You Tonight

R.E.P.S.

Maybe I'll see you tonight
Maybe I'll see you tonight
Wherever the night takes you
Maybe you'll see me too
The colder it gets, you won't see me anymore
But there's still a chance I might walk to your door
Maybe the timing's not right
I won't be seeing you tonightMaybe I'll see you tonight
Maybe I'll see you tonight
