Uhhh
We used to chill this shit was so real
This shit was so trill
But now I aint got time for ya
You could say I aint keep it real
My name everywhere
They waitin to make a sound for me
Im deservin every bad thing that I will receive
But see she got it out for me
She got it out for me
She got it out for me
I cant blame her
Shit I did her wrong I cant change her
but really Im the nigga that changed her
And now dis bitch got me so angry

Cause shit she know just how to get to me like nobody else
like I aint gon' let you see your lil girl
See this shit get hard
Everythang aint good right now
And I dont even wanna be around
And she only wanna be around
When the paper flowin out a nigga pocket
say she wanna get down
And Im like girl wont you just take some time
To get to know me
I know a lot of shit done changed
But Im the same old G
That you fell in love wit
That you fell in love wit
But now Im just a nigga
You tell everybody you cant fuck wit
And niggas that I used to know tellin you dont fuck wit
Better hope dont see that bitch ass nigga in public
Cuz Imma whoop him
And every bitch nigga that he chill wit
Betta tell dat boy stop bitchin
Somebody tell that girl stop bitchin
Somebody tell them niggas stop bitchin
Stop bitchin and ever since a nigga came down and said hold up
I said hold up
I said hold up
I say
and ever since a nigga came down and said hold up
I said hold up
I said hold up
now everybody my nigga
I say everybody my nigga
I say everybody my
but before a nigga came down and said hold up
and said hold up
