'Til I Fell for You

[Chad Brock](#)

Thought I was awful tough
Been knocked down in the dust
A few more times than I would care to sayThen you came blowin' in
Like that old Texas wind
And girl, you blew my heart awayOh, I've tamed wild horses
Rode the meanest bulls
Broke a few bones
And kept my coolBaby, I've been thrown
A time or two
And I thought I'd fallen hard
'Til I fell for youI know it's dangerous
To take a chance on love
That's why I never dared to get too closeThen deep inside my heart
You had to go and start
A feeling I just can't controlOh, I've tamed wild horses
Rode the meanest bulls
Broke a few bones
And kept my coolBaby, I've been thrown
A time or two
And I thought I'd fallen hard
'Til I fell for youThe way you look at me
Makes this cowboy weak
I've try to walk away
But I ain't got the strengthOh, I've tamed wild horses
Rode the meanest bulls
Broke a few bones
And kept my coolBaby, I've been thrown
A time or two
And I thought I'd fallen hard
'Til I fell for youAnd I thought I'd fallen hard
'Til I fell for you
'Til I fell for you
