I'm Feelin' You

E-White

My main man Mookie
Ginuwine, Men in Black
For your design
Men in Black and it's like that
Men in Black and it's like that
Men in Black and it's like that
Yo Mookie, break it down
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, kiss you
All over your body
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, sex you
Tell me do you feel me
I'm spending time and I'm thinkin 'bout
All of the times that I do without
And now your here and my life is one
I'm doin' things that I've never done
You're on my mind girl, I'm tellin' you
My love is real but I have no clue
If it's the same, is it mutual?
Tell me, do you want the same as I do?
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, kiss you
All over your body
(Your body's calling me, baby)
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, sex you
Tell me, do you feel me?
(Check it out, baby)
(Can we)
Get together tonight?

I only wanna please your needs, darlin'
I only need your time tonight
For you to love me, baby, I don't waste no time
You and I, word is bond
Tonight's the night so let's get it on
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, kiss you
All over your body
(All I wanna do is please you, yeah)
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, sex you
Tell me, do you feel me?
Uh ah, yeah we comin' down, comin' down, what
Like that, Ginuwine, Mookie, yeah, what
Men in Black and it's like that
Men in Black and it's like that
Men in Black and it's like that
Yo Mookie, break it down
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, kiss you
All over your body
(All I wanna do is please you, darlin')
I'm feelin' you everyday
(All I wanna do is hold you, baby)
And I can't let you go away
I just wanna please you
Love you, sex you
Tell me, do you feel me?
(You know what I feel, baby yeah, baby yeah, oh yeah)
('Cause I'm down low babe, oh yeah)
Please girl, don't leave from me
'Cause you are my everything
Your love is strong, I'm not the same
I once was wild but now it's me, you tamed
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, kiss you
All over your body

I'm feelin' you everyday
And I can't let you go away
I just wanna please you
Love you, sex you
Tell me, do you feel me?
I'm feelin' you everyday
And I can't let you go away
I just wanna please you
(Oh baby)
Love you, kiss you
All over your body
(You are my everything)
I'm feelin' you everyday
(You are my everything, darlin')
And I can't let you go away
I just wanna please you
Love you, sex you
Tell me, do you feel me?
I'm feelin' you everyday
And I can't let you go away
(I can't let you go)
I just wanna please you
Love you, kiss you
(I can't let you go, baby)
All over your body
(I can't let you go)
I'm feelin' you everyday
(I can't let you go, darlin')
And I can't let you go away
