

Echo Park

Thurston Moore

Walkin' with you down through Echo Park
The ghosts fillin' the trees
The fire never understands the spark
The way it is with you and me
Freedom
Freedom
Our love won't fade away
Freedom
Freedom
Our love it won't fade away
The children runnin' through the greenest field
The light of love pourin' down
And only you and I know how it feels
When no one else is around
Freedom
Freedom

Our love won't fade away
Freedom
Freedom
Our love it won't fade away
Freedom
Freedom
Our love won't fade away
Freedom
Freedom
Our love it won't fade away
Walkin' with you down from Echo Park
The ghosts fillin' the trees
The fire never understands the spark
The way it is with you and me
