

# Going Up In Flames (feat. Peter Godwin)

## MetrÃ´

Well, I donâ€™t feel well  
Well itâ€™s only a state of mind  
Iâ€™d like to feel better  
but I really cannot at this time  
Itâ€™s a time of change -  
change already on the way  
I looked out the window  
and I saw  
yesterday is going up in flames  
yesterday is going up in flames  
yesterday is going up in flames  
Yesterday is blowing up

We could talk all night  
but that wonâ€™t get us anywhere  
or we could stare at the stars  
and hope to god thereâ€™s someone there  
We could hold each other tight  
and say thatâ€™s how weâ€™re gonna stay  
I looked in your heart and I saw...  
yesterday is going up in flames  
yesterday is going up in flames  
yesterday is going up in flames  
Yesterday is blowing up... blowing up

Oh, tomorrow has come  
in a uniform we know  
He didnâ€™t knock down the door  
Just to listen to the radio  
TV eyes and all he wants to do is play  
I looked in his eyes and I saw  
yesterday is going up in flames...
